

Press Release

11th August 2009 – for immediate release

LNG16 Organizers Appoint Upstream as Official Publication

The LNG16 Organizing Committee were delighted to appoint Upstream as the Official Publication for the event. "As the world's leading newspaper in the industry, read by thousands of Oil and Gas key decision makers, Upstream is the ideal publisher of the official daily newspaper for a global event such as LNG16."

With a team of 26 staff reporters located around the world Upstream provides independent unbiased journalism that is highly praised by its readers. Since its launch it has firmly established itself as the leading quality news source in the international oil and gas industry. It has also received praise from other respected publications such as the Los Angeles Times which stated: "The flamboyant trade weekly Upstream has become a must-read both for its bold irreverent style and its thorough coverage" and the New York Times: "For energy executives, Upstream has become a must-read, like Advertising Age or Variety or American Lawyer in their respective fields".

During LNG16 Upstream will produce the Official Daily Newsletters which will be distributed to all the attendees of the event. This will include editorial coverage of the day's events, onsite interviews with speakers, delegates and exhibitors, as well as daily industry news. Upstream has won much praise for the show dailies it has produced at leading international events including OTC (Houston), ONS (Stavanger), Offshore Europe (Aberdeen), Gastech (Abu Dhabi), CIPPE (China), WPC (Johannesburg), Brasil Offshore & Rio Oil and Gas (Macaé/Rio).

With just over 8 months before the opening of the 16th International Conference and Exhibition on Liquefied Natural Gas (LNG16), preparations are gathering pace to ensure the latest edition in this triennial meeting of the world's most influential LNG professionals is an event to remember. LNG16 will take place in **Oran, Algeria from the 18 – 21 April 2010**. The event has already gained global support with confirmed sponsors including AGA, BakerBotts, BP, Chevron, ExxonMobil, IHI Corporation, Itochu, KBR, RasGas, Repsol, Samsung Engineering, Shell, Sonatrach, Total and Yemen LNG.

Ends.

Notes:

LNG16
18th to 21st April 2010
Oran Convention Centre
Oran, Algeria

www.lng16.org

The LNG event was first held in 1968 in Chicago, USA. The first four editions were biennial events but LNG has been held every three years since 1974. The latest LNG event (the 15th edition) was held in 2007 in Barcelona. LNG17 will be held in 2013 in Houston, Texas, USA.

The Official Sponsors of the LNG Conference are:

IGU: International Gas Union
IIR: International Institute of Refrigeration
GTI: Gas Technology Institute
